

Amendments To The Claims:

This listing of claims will replace all prior versions, and listings, of claims in the application:

7. (Previously presented) A method of inducing an immunoresponse in a human or non-human animal comprising administering a peptide fragment of SEQ ID NO:2 to the human or non-human animal, wherein the peptide fragment comprises SEQ ID NO:25.

8. (Currently amended) The method of claim 6 7, wherein the peptide fragment further comprises a fusion partner.

9. (Currently amended) The method of claim 6 7 or 8, further comprising admixing the peptide fragment with an adjuvant.
